### PROFESSIONAL PROFILE

Management Engineer with over 5 years of experience in production planning, material management, and supply chain coordination within a multinational Oil & Gas company (ExxonMobil). Strong knowledge of the management of supply chain flows and procurement processes using MRP. Proficient in SAP ECC / HANA - EUP, which supports daily operational excellence. Analytical and process-driven approach focused on cost efficiency, on-time delivery, and continuous improvement. Experienced in monitoring and improving supply chain KPIs including supply schedule adherence.

### PROFESSIONAL EXPERIENCE

#### ExxonMobil - Esso Italiana

*Material Planner & Supply Logistic Coordinator*

September 2018 - Present

- Execute production and material planning activities using SAP ECC / HANA - EUP to ensure material availability and minimize stock-outs.
- Coordinate with procurement for purchase order scheduling, demand forecasting, and supply assurance.
- Manage inventory levels and optimize stock to reduce carrying costs and support production requirements.
- Plan and monitor inbound/outbound logistics (ship, rail, truck) to ensure timely delivery and cost-effective transportation.
- Monitor and analyze supply chain KPIs such as on-time delivery, inventory turnover, and schedule adherence to improve operational efficiency.
- Develop and maintain supply schedules to align production with demand forecasts and optimize resource allocation.
- Collaborate with cross-functional teams (production, warehouse, suppliers) to ensure smooth material flow and adherence to contractual obligations.

#### Gruppo Adeo - BricoMan, Dalmine

*Logistics Supervisor*
