Lagos, Nigeria | Willing to Relocate (UK / UAE / Worldwide)

Professional Summary

Resourceful and detail-oriented Security Systems & ICT Infrastructure Engineer with over 10 years of hands-on experience in installing, configuring, and maintaining low-voltage systems across commercial, industrial, and residential projects. Skilled in CCTV, Access Control, Networking, Fire Alarms, Solar Power, and Automation Systems. Demonstrated leadership as Chief Engineer at Sematec Technology Limited, successfully training young technicians and delivering end-to-end security and IT installations for major clients. Dedicated to safety, quality, and technical excellence – seeking international opportunities with visa sponsorship in the UK or UAE.

Core Technical Skills

- CCTV & Surveillance System Installation and Maintenance
- Biometric & RFID Access Control Systems
- Electric Fence & Fire Alarm Systems
- Computer Setup, Repair, and Networking
- Intercom & VoIP Systems
- Automatic Sliding Gate and Turnstile Systems
- Solar Power & Inverter Installations
- Structured Cabling and Router Configuration
- Technical Training and Project Supervision
- Preventive Maintenance & System Upgrades

Professional Experience

- Chief Engineer – Sematec Technology Limited
Lagos, Nigeria | 2019 – Present

- Co-founded and lead technical operations for a growing engineering services company specializing in ICT and electronic security systems.

- Successfully trained and supervised junior engineers and interns in hands-on installation skills.

- Managed multiple client projects, ensuring timely delivery and system reliability.
- Delivered end-to-end installations for clients including Commercial Solicitors, Structured Resources Business Ltd, Crime Buster, Tane Nursery & Primary School, A.A. Rescue, and various private residences.

- IT Personnel – Gulf Treasures Oil & Gas Limited
Lagos, Nigeria | 2016 – 2019

- Provided technical IT support for all systems and staff.
- Installed and maintained CCTV surveillance and biometric attendance systems.
- Managed daily data backups and ensured system uptime.
- Trained staff on computer usage and IT best practices.
- Oversaw hardware repairs and local area network setups.

- Computer Engineer – Banik Global Services Limited
Lagos, Nigeria | 2012 – 2016

- Installed and maintained CCTV, Access Control, and Intercom systems.
- Designed and implemented computer networks for clients.
- Provided real-time support during corporate conferences and seminars.
- Supervised junior technicians and ensured safety compliance.

- IT Support (NYSC) – Acti-Tech Limited
Yola, Nigeria | 2011 – 2012

- Provided on-site technical support and biometric installations.
- Assisted with VoIP setup and staff registration systems.
- Supported smooth network operations during daily activities.

- Industrial Training – Banik Global Services Limited
Lagos, Nigeria | 2008 – 2009

- Assisted senior engineers in computer maintenance and cabling projects.
- Gained practical experience in system cloning, hardware installation, and CCTV setup.

Education

B.Sc. Electronics and Computer Engineering – Lagos State University, 2010

Senior Secondary Certificate Examination (SSCE) – Euba Boys Secondary School, 2000

First School Leaving Certificate (FSLC) – Premier Day Nursery & Primary School, 1994

Professional Highlights

- Delivered over 100+ technical installations across Nigeria in security, ICT, and solar sectors.

- Successfully led and trained a team of young engineers at Sematec Technology Ltd.
- Strong reputation for reliability, neat installations, and high system uptime.
- Excellent communication and teamwork skills with a passion for problem solving.
